1345B U-TROUGH AUGER

“It cleans out
extremely well,
and extremely fast.”

Nolan Chermcora 📍 Lindgren Farms

U SAID IT.

The next generation 1345B U-Trough Auger increases productivity and uptime while lowering operating costs.

High Performance

This beast has a capacity of up to 9000 bu/hr, a 45' long auger, an impressive intake reach, and complete cleanout. All this adds up to moving more grain, faster.

Total Reliability

The upgraded, three-bearing gearbox provides higher load tolerance, while the solid driveline and chain coupler ensure smooth, reliable operation.

Easy to Use

Centralized controls are available for mover and engine functions, and the EZMOVE system eliminates the need for lifting on the tube, increases reach, and maximizes traction.
